

ADVANCED SEMINAR IN PHYSICS

Guidelines for PHYSICS International M.Sc. students

Credits: **3 ECTS**

Grading Scale

Attendance: mandatory

1.0 - 1.5 Very Good
1.6 - 2.5 Good
2.6 - 3.5 Satisfactory
3.6 - 4.0 Sufficient

Individual Presentations

Every participating student prepares a 45-minute talk on an assigned topic.

All students have to:

- make a first appointment with their supervisor at least 8 weeks before giving their talk
- have read the literature provided by the supervisor before said first meeting
- hand in a draft of their presentation 4 weeks before giving their talk
- give a trial talk 2 weeks prior to the public presentation
- contribute to the discussions of other talks

Grading Criteria*

Participants will be graded according to:

- the independency of their preparation
- the quality of the trial talk and final presentation
- the level of participation in the discussions

*NOTE: Additional requirements may be introduced by your lecturers
